RETAIL ENTREPRENEURSHIP IS ALIVE AND WELL AT ELGS

It was a combined effort, and it's proving to be a success. Senior, Morgan Vollbrecht, and her classmates noticed there wasn't a convenient spot to showcase or purchase ELGS apparel and wondered why. They took their question to Mrs. Beth Roehl, FCCLA advisor and FCS teacher, and an idea began to formulate. Morgan and Mrs. Roehl proposed remodeling an area for the store near the school's entrance - in retail it's all about location. But this required funding. The community, believing in their Districts' ability to develop civic-minded students capable of giving back, voted favorably in the recent referendum and the "vision" of a school store, along with many other building upgrades, became "reality." With this financial support, the "Resorter Outfitters" store opened and students, parents, teachers and residents have kept the place humming. Mrs. Roehl's personalized entrepreneur class offers students, like Morgan, real-world insight into the areas of marketing, purchasing, accounting and customer service. It's just another example of how the staff at ELGS listen and react to their students' concerns and continue to customize learning opportunities to fit their needs.

If you'd like to find out how your child could thrive in a community-backed, engaged educational experience, feel free to contact either building principal. We're proud of what we're doing in our school, and we'd be pleased to arrange a personal tour to show it off - including the new store.

Customer service and purchasing are some of the skills that Morgan, the "Resorter Outfitters" Manager, is learning with her advisor, Mrs. Beth Roehl. Enjoying their work is an added benefit!
